

#### MICROTECHNOLOGY ACCESSORIES

## STRAIGHT COUPLERS

- ▶ Easy assembly/disassembly, no tools required, low profile design
- ▶ Provide an air- and water-tight connection
- ▶ Designed and tested to meet or exceed industry standards
- ▶ Color coded to easily identify by size
- ▶ Available for Microduct sizes 5mm–27mm
- ▶ Specially designed to ensure a smooth interior transition
- ▶ Withstand chemical and harsh environment conditions
- ▶ Approved for use at 232PSI/16Bar
- ▶ "HD" or "Heavy Duty" denotes enhanced pull-out and pressure characteristics (currently size 18/10 next page)

5/3.5mm (OD/ID)

MICROTECHNOLOGY ACCESSORIES

## TRANSITION COUPLERS

- ▶ Easy assembly/disassembly, no tools required
- ▶ Provide an air- and water-tight connection
- ▶ Transition couplers available to provide coupling of different diameters
- ▶ Designed and tested to meet or exceed industry standards
- ▶ Color coded to easily identify by size
- ▶ Specially designed to ensure a smooth interior transition
- ▶ Withstand chemical and harsh environment conditions
- ▶ Low profile design
