

MICROTECHNOLOGY ACCESSORIES

MICRODUCT SPLIT COUPLER

Excellent for use in repair scenarios or at jetting heads, the MicroDuct Split Coupler provides a high quality, air- and water-tight seal. The divisible halves allow for installation around pre-installed cables.

- ▶ Can be direct buried
- ▶ Air- and water-tight
- ▶ Pressure rated up to 200PSI
- ▶ Fully divisible for easy installation around existing cables
- ▶ No special tools required for assembly
- ▶ Available for MicroDuct OD sizes 14-16mm with additional sizes coming soon
